<u>S Corporations</u>

Course Description

In this course, the intricacies of setting up and terminating an S corporation are detailed and taxation is discussed. The numerous advantages and disadvantages of this entity are identified to help practitioners determine whether the S corporation is most suitable for their clients. Eligible domestic corporations can avoid double taxation by electing to be treated as an S corporation under the rules of Subchapter S. Subchapter S provides an optional method of corporate taxation and allows small business corporations to elect unusual tax treatment. The S corporation is taxed like a partnership, but in other respects, S corporations are taxed like C corporations.

Completion Deadline & Exam: This course, including the examination, must be completed within one year of the date of purchase. In addition, unless otherwise indicated, no correct or incorrect feedback for any exam question will be provided.
