

Learn Accounting in 1 Hour

Course Description

This course is for aspiring accountant or finance people who want to improve their understanding of how accounting works. This course packs into one hour the best of what you need to know to perform accounting. You will learn tips and techniques to make sure you stay on track and your books balance, and you will learn how to prepare financial statements using a simple conceptual model that can apply to any organization small or large.

Completion Deadline & Exam: This course, including the examination, must be completed within one year of the date of purchase. In addition, unless otherwise indicated, no correct or incorrect feedback for any exam question will be provided.

Course Level: Overview

CPE Credits: 1 (CPA)

Category: Accounting

Prerequisite: None

Advanced Preparation: None

Course Learning Objectives

After studying this course, you will be able to:

1. Recognize the accounting underlying any set of financial statements.
2. Identify journal entries for common business transactions.
3. Recognize entries to create a general ledger and a trial balance using a spreadsheet.
4. Identify items on the income statement, the statement of changes in equity, and the balance sheet.
