

Quality Management and Benchmarking

Course Description

This course covers pervasive topics concerning quality management systems, such as total quality management (TQM), benchmarking, and the ISO standards. A pervasive consideration is the pursuit of quality in all aspects of the organization's activities. Benchmarking and TQM are aspects of the modern approach to quality. Quality management has been recognized by the International Organization for Standardization, which has issued quality assurance standards.

Completion Deadline & Exam: This course, including the examination, must be completed within one year of the date of purchase. In addition, unless otherwise indicated, no correct or incorrect feedback for any exam question will be provided.

Course Level: Overview. This program is appropriate for professionals at all organizational levels.

CPE Credits: 2.5 (CPA)
