Estate Tools

Demo Course

Course Description

Everyone needs to do estate planning. It is more than just planning for death. Estate planning is designing a program for effective wealth building, preservation, and disposition of property at the minimum possible tax cost. This mini-course surveys wills, gifts, marital property, and probate avoidance. Designed to eliminate estate problems and death taxes, the emphasis is on practical solutions that are cost effective. The text reviews and explains both federal gift and estate tax systems giving practice pointers and planning observations.

Completion Deadline & Exam: This course, including the examination, must be completed within one year of the date of purchase. In addition, unless otherwise indicated, no correct or incorrect feedback for any exam question will be provided.

Course Level: Overview. This program is appropriate for professionals at all organizational levels.
CPE Credits: 1 (CPA, EA)
Category: Taxes
Prerequisite: None.
Advanced Preparation: None

Course Learning Objectives

Lesson 1: Estate Tools

1. Identify the key participants and their roles in a coordinated estate plan and recognize pro-bate process including trust administration;
2. Determine specialized estate planning tools noting the use of trusts and identify how such tools save death taxes and transfer wealth while accentuating asset control;
3. Specify recommended trust provisions and requirements noting how these terms and rules impact estate and trust taxation.
